

Dear Colleagues,

We cordially invite you to sponsor the 3rd Annual Asia ATP Conference, **Stepping into the Future: Burning Questions about Testing and Education in Asia**. The conference is scheduled to take place on **November 17-19, 2024, in Bangkok, Thailand**.

The A-ATP conference provides an exceptional and valuable opportunity for professionals, educators, employers, researchers, test sponsors, program managers, clinicians, and business leaders in the assessment industry, to convene on a common platform for learning, presenting ideas, and networking. The main objectives of this year's conference are:

- (1) Promoting the quality of testing programs by introducing products, theories, and best practices,*
- (2) Identifying industry trends in each market in Asia, and*
- (3) Lowering the barriers for local practitioners to gain global access to quality test contents, technologies, and partners/clients via establishing their direct professional network.*

The Association of Test Publishers (ATP) is a global, non-profit organization representing providers of tests and assessment tools and services. **A-ATP is the Regional Division of ATP** which is committed to meeting the local needs and interests of the Asian test publishing and test delivery communities and enabling their access to ATP initiatives and activities having global importance and local relevance. A- ATP brings together stakeholders from **China, South Korea, Japan, S.E. Asia**, and from **other Asian regions** to join the global publishing communities of North America and Europe. This global alliance forms a strong foundation with a common position and policy on testing issues (e.g., intellectual property protection, privacy, best practices for all forms of testing, cultural adaptation of tests, interoperability and innovated testing methods and procedures).

Delegates of the A-ATP conference will acquire practical knowledge about the latest assessment technologies and techniques, as well as have the opportunity to learn about successful assessment practices employed by other Asian or global organizations, through presentations, discussions, and regional workshops in multiple languages.

Sponsors of the 2024 A-ATP Conference have a distinctive opportunity to personalize their packages to match their specific objectives within their own budget parameters. The sponsorship packages incorporate a point system that allows sponsors to create their unique package, as well as exclusive opportunities for those aiming to attain specific goals. We sincerely hope that you will join us in our mission by actively participating and supporting this crucial test industry event.

Warmest Regards,

William G. Harris, Ph.D.

These mailing lists are a privilege and must not be sold, rented, or given out for any reason to any outside organizations by the sponsor. ATP requires that these lists be used in reference to the conference and not for any other purpose. Additionally, in order to conform to Personal Data Protection requirements, all e-mails or mailings must be sent without identification of any other addresses and **must have an option for "unsubscribing."** Please do not use **these** lists for the promotion of jobs or other recruiting efforts. ATP has a specific Career Center for this service. Thank you.
